Dear Parents,

It is hard to believe that another semester of preschool has come and gone. Over the past few weeks, your children have been working hard on difficult concepts to close out the fall semester. The preschool therapists and undergraduate students would like to thank you for a wonderful semester of your children’s outstanding attendance and party contributions!

We greatly appreciate your commitment in getting your children to preschool every day and we look forward to starting another exciting semester with them! Over the holiday season, we stress that you please continue to work with your child on the “sight” words that were sent home during the midterm conference. This is a great way to enhance their vocabulary and ability to read.

Happy Holidays!
