Letters of the Week and Tracing

This week we will be starting letter “I” and have completed “A-G”. Please continue working on the worksheets we send home to improve their proficiency. As well with working on letters, we have continued working on their ability to trace their name. This skill also should be practiced frequently.

Upcoming Events:
- No Preschool 11/21/2012
- No Preschool 11/22/2012
- Elf Service Project on 11/29/2012
- Christmas Party on 12/5/2012

- Elf Service Project Letter on 11/20/2012
- Christmas Party Schedule on 11/29/2012
- Book Exchange Letter 12/6/2012
Sign up for Christmas Party on 11/26/2012

iPad Applications for Kindergarten Readiness

ABC Coloring Book
Skills: This application addresses each letter of the alphabet. Letter and sound identification are skills currently being addressed in the preschool.

Learn—the days of the week
Skills: Knowing the days of the week is a skill area that is addressed everyday in the preschool. This application will help your child name and recognize each day of the week.

Alphabet Tracing
Skills: Applications which address tracing skills are extremely beneficial for preschool-aged children. This application will allow your child to practice tracing each letter of the week.

Sight Word Hide and Seek:
An idea to teach the sight words is by placing them randomly throughout your home and playing a “hide and seek” game.

After hiding the words that are written on paper in your house, have your child search your house for the word and make this learning fun!

Thank You!
Your active participation at home with your child it is noticed and appreciated.

Always Remember:
“Play is your brain’s favorite way of learning.”
