GSA Subcontracting Directory
This directory is published as an aid to small business concerns seeking subcontracting opportunities with General Services Administration (GSA) prime contractors. Pursuant to the Small Business Act, large business prime contractors receiving federal contracts valued at over $1.5 million for construction, $650,000 for all other contracts, are required to establish plans and goals for subcontracting with small business firms. This directory is a listing of GSA contractors with subcontracting plans and goals. Companies are listed alphabetically by name within each of the eleven GSA regions. Each listing contains the company's name, products or services, address, and the name and telephone number of the small business contact within the company, in that order. To access the directory go to http://www.gsa.gov/portal/content/101195.
