SUCCESS TRIP...ON THE ROAD TO SUCCESS

You might want to pause to determine where you should be going or where you are right now:

**SELF TEST**

1. I have a weekly time schedule.
   - _____ If yes, wonderful!! You have started your roadmap to success.
   - _____ If no, have you picked up your free student planner? If so, start using it!

   - _____ If yes, you are on the right route!
   - _____ If no, yield to the time to set one up. If you need help contact the Academic Scheduling and Placement-Testing Center, Noss 210.

3. I have received syllabi from all of my instructors and have read them carefully.
   - _____ If yes, Marvelous!
   - _____ If no, contact your professor if you don’t have a syllabus and read the ones you have, noting carefully the section on determining your grade. Remember to log assignments, papers and project due dates in your student planner.

4. I am not encountering any academic difficulties.
   - _____ If yes, you may be on the road to the honor roll.
   - _____ If no, don’t detour but go straight to tutorial services in 430 Manderino Library or visit the Math Lab, Noss 115 or Writing Center, Noss 116 or Reading Clinic, Noss 107. Don’t delay!
