#### Welcome Message

The Entrepreneurial Leadership Center (ELC) strives to increase the entrepreneurial culture of the Cal U community by providing resources that encourage entrepreneurship, innovation, and the creation of new businesses. Campus entrepreneurs can get assistance with all aspects of new-business development, including idea creation, business plans, funding sources, registering new businesses, and growing existing businesses. Incubator services are available for new, student-run businesses and training opportunities are offered that meet the specific needs of entre-

preneurs and business owners. To find out more about the services offered or to register for an upcoming event, call ext. 5663, send an email to hunt@calu.edu, or stop by the ELC in Coover Hall, Room 122.

#### **NEWS UPDATE**

In November 2012, three members of the Cal U Entrepreneurs Club attended the Collegiate Entrepreneurs' Organization (CEO) Conference in Chicago, IL. These students were inspired to pursue their entrepreneurial passion as they networked with some of America's top business leaders, such as the CEOs of Priceline.com, Keuria, Redbox, and GrubHub.

Cal U has 13 entries (16 students) participating in the PASSHE Business Plan Competition. Venture Profiles will be completed in February and winners will be selected in April at the Awards Ceremony at the Pennsylvania State Capital in Harrisburg. The first place winner will receive a \$10,000 prize, second place is \$5,000 and third is \$2,500. Last year's second place winner was Cal U student Chaz Sztroin, who used his \$5,000 winnings to start Octane MMA, a mixed martial arts training center in Charleroi, PA.

During the fall semester, the ELC provided start-up counseling and support to 14 new entrepreneurs and provided on-going business assistance to three new start-ups. To date, the ELC has helped to increase the entrepreneurial mindset of the campus and surrounding communities by providing direct services to 83 students, 14 faculty/staff, and 16 community members. The ELC also has conducted 15 presentations, trainings, and workshops that have been attended by 458 individuals.
