August 2016

Dear California University of Pennsylvania Student and Parents,

Cal U highly recommends that all students have medical insurance coverage. NCAA athletes and F-1 visa international students are required to have health insurance. Although the Health Center offers a variety of health care services for Cal U students, it is unable to offer comprehensive health care particularly pertaining to trauma and chronic or severe illnesses, as well as certain diagnostic testing or specialist services. Therefore, a personal insurance plan is a crucial supplement designed to support students’ health care needs while attending college.

Below is information for a student health insurance program offered by Consolidated Health Plans.

- The annual policy period is from August 9, 2016 to August 8, 2017.
- Consolidated Health Plan accesses Nationwide a PPO (Preferred Provider Organization) that provides national access.
- Personalized identification cards will be issued to each student participating in the plan.
- The premium for the entire year is $2,710.00. **It may be purchased in smaller increments (fall $1,077.00, spring/summer $1,633.00 or summer only $906.00).**

If you do not have other insurance coverage, you are encouraged to consider this endorsed insurance plan. Please read the information carefully. If you wish to enroll, contact Consolidated Health Plans directly at the address below, or go online to [www.chpstudent.com](http://www.chpstudent.com).

Consolidated Health Plans
Enrollment Department
2077 Roosevelt Avenue
