

Angela Burrows – June 19, 2010 - Announcement: Clarification

Good morning,

Cal U management has received a request for clarification to the recent parking notice.

Cal U has reached an agreement with one union concerning the parking rates and tiers. We are continuing to work with the other unions representing Cal U employees to resolve their concerns with the parking rates and tiers. We are hopeful that such agreements can be reached with these unions, however, planning for parking arrangements for the Fall 2010 semester must proceed.

Questions on this subject are being handled by Chris Johnston, director of parking and transportation, and may be sent to calupat@calu.edu.

Thank you for your commitment to building careers and character at Cal U.
