

Angela Burrows – July 16,2010 - Announcement: Registration Window

Good morning,

This is a reminder that the registration window for parking opens on Aug. 2.

If you have already pre-registered for a parking permit, you will be able to purchase your permit beginning on Aug. 2. You will receive an email in advance informing you as to which of your preferred lots have spaces available for purchase.

If you did not pre-register, beginning Aug. 2, you will have an opportunity to place your name on a waiting list. Once you have placed yourself onto a waiting list, you'll be able to go online to see where you are on the wait list for a specific lot.

Next week, a mock-up of the parking registration form will be available online. You will receive notification when this mock-up may be viewed.
