Total Credits	10

Program Description

Through a collaborative agreement, California University of Pennsylvania is providing a four-course, ten-credit certificate for the students accepted into the Washington Health System School of Nursing (WHSSN) diploma cohort program. Students will use the Cal U courses to fulfill part of their nursing diploma credits. All other courses and requirements for the program are the delivered by the WHSSN. Upon completion of the course Cal U courses, the students will earn a certificate. Credits earned in the certificate may ultimately be applied toward the Cal U Bachelor of Science in Nursing program by WHSSN graduates who meet the qualifications for admission.
