## MBA in Business Administration: Management

### Program Description

The Management concentration of the MBA program delves deeper into competencies related to leadership, management and administration. It refines organizational problem-solving skills, exploring how to ethically lead — and follow.

Students in this concentration:

- Identify examples of good and bad leadership behavior and develop personal development goals.
- Use research to support decision-making and problem-solving processes.
- Learn how to effectively use project management tools to meet goals on time and within budget.

### Program Coordinator

Dr. Stephanie Adam

### Delivery Mode

Blended or 100% Online

### Accreditation

Programs in the Department of Business and Economics are accredited by the Accreditation Council for Business Schools and Programs (ACBSP), a leading specialized accreditation body for business education supporting, celebrating and rewarding teaching excellence. The association embraces the virtues of teaching excellence and emphasizes to students that it is essential to learn.
