

Counselor Education Graduate Programs

Certificate in Sports Counseling and Student Athlete Mental Wellness

Program Description

The Sports Counseling and Student Athlete Mental Wellness certificate program meets the particular interests and needs of counselors, educators and other helping professionals who work with the athlete population in youth sports programs, interscholastic programs, colleges and universities, community and social agencies, professional sporting agencies, recreational settings, etc.

Note: This graduate certificate will not certify you as a professional counselor. However, it may be possible for the courses to be used for additional credits toward licensure or for continuing education credits. Check your state's licensure laws for more information.
