### Programs

Cal U offers Exercise Science and Sport Studies programs in:

#### Master's Degrees

- Exercise Science and Health Promotion (M.S.), with concentrations in:
  - Applied Sport Science
  - Group Fitness Leadership
  - Nutrition
  - Performance Enhancement and Injury Prevention
  - Rehabilitation Sciences
  - Sport Psychology
  - Tactical Strength and Conditioning
  - Wellness and Fitness
  - Wellness Coaching
- Sport Management Studies (M.S.), with concentrations in:
  - Intercollegiate Athletic Administration
  - Sport Management
  - Strategic Sport Analysis

Note: The Exercise Science and Health Promotion concentrations can be combined to create dual concentration options. When pursuing a dual concentration, students are required to fulfill all of the course requirements for both programs; however, because there is overlap in the courses needed, it generally takes just 48 credits to complete a dual concentration. The exception is any dual concentration that includes Applied Sport Science; in such cases, 54 credits are required.

#### Doctorate Degrees

- Health Science and Exercise Leadership (D.H.Sc.)

#### Certificates

- Group Fitness Leadership
- Intercollegiate Athletic Administration
- Nutrition
- Performance Enhancement and Injury Prevention
- Rehabilitation Sciences
- Sport Psychology
- Wellness and Fitness
- Wellness Coaching

#### General Program Webpages
