

# Doing Business with the Department of Veterans Affairs

May 12, 2021

10:00 a.m. – 11:00 a.m.

## Webinar Description

Have you ever considered doing business with the Federal Government? The Department of Veterans Affairs (VA) purchases a variety of goods and services to support their network of hospitals, clinics, regional offices, data centers, and cemeteries throughout the United States. Working with small businesses is a top priority of the VA, and in FY2019 the agency spent more than \$19.5 billion. Join us for this **free webinar** to learn more about doing business with the Department of Veterans Affairs and maximizing your chances for success. Attendees will gain an understanding of the procurement process and how to become procurement ready in order to bid on contracts. Richard Loeffler, Small Business Liaison for the Department of Veterans Affairs - Network Contracting Office 4, will provide an overview of doing business with the VA, what you should do, what you shouldn't do and how to find contracting opportunities available to small business.

**This webinar is open to all business sizes, regardless of veteran-status.**
